

RULES OF THE RUN.

Try to keep the car in front and behind in view at all times. It is possible that splits will form during the run, just try to keep with a group and you should be able to re-form at the next stop point.

A little thought for the car behind will go a long way, especially when approaching junctions or forks, drop back a little to ensure they go the right way.

Not everyone is a total speed freak, plus there are plenty of sheep, pheasants and yokels strategically placed to ambush you when least expected. Please be considerate to both the rest of the group and any poor fool who happens upon us. It's not a race so we don't want to see people blasting past others.

Please ensure you have a full tank of fuel

The Organisers and NEWMINISCOTLAND.CO.UK accept no responsibility for any loss, damage, injury or death incurred as a result of this event.

It is assumed that all participants have adequate insurance, road tax and driving licences. It is further assumed that participation of the run acknowledges acceptance of all of the above.

We recommend you reset your trip counter.
